Payment as an Authorized User

As an Authorized User, you have received access to make payments on your student’s account by credit card or electronic check. To view the account detail or discuss any other details of this account, you must have access to Parent Center. This access is granted by your student, who determines what information you may see.

**IMPORTANT:**
It is important to know that the access granted to you through the Parent Center is based on your student’s consent for you to view specific on-line information and **is not** equivalent to a third-party release of information covered by the Federal Educational Rights and Privacy Act (FERPA).

Your student must complete a *FERPA 3rd Party Release* form that allows the University to discuss items covered by FERPA with you.
