

## Degree Audit for Students

This document contains information needed to view your degree requirements, displaying those you have satisfied and those remaining unsatisfied. Keep in mind that this is not an official degree certification and should be used in conjunction with your academic advisor.

### Requesting a Degree Audit

1. Click the **Degree Audit** tile on your Student Homepage.
2. Click the **Run Report** button for the desired plan or sub-plan. The Report Detail page opens and displays to view additional information.

**Description**

Design of basic unit operations typical of biological engineering practice; unit operations include pump-pipe, fan-duct, moist air (psychrometric) processes (cool/heater/humidifier/dryer), air mixing, aeration, and refrigeration; unit operations design will account for unique constraints imposed by biological systems. Lecture 2 hours and lab 3 hours per week. Corequisite: Lab component. Prerequisite: (MEEG 2403 or CHEG 2313) and (CVEG 3213 or CHEG 2133 or MEEG 3503).
